Provincial Child Care Facilities Licensing Board
Originals 1971-1979 12 cm

In 1969 the *Community Care Facilities Licensing Act* replaced the *Welfare Institutions Licensing Act* in regulating private care facilities in the province. The next year the responsibility for the supervision and administration of the act was transferred from the Department of Rehabilitation and Social Improvement to the Health Branch of the Department of Health Services and Hospital Insurance, along with the chief inspector and his staff.

The Provincial Child Care Facilities Licensing Board came into being ca. 1976 when the Community Care Facilities Licensing Board split into two boards; adult care and child care boards.

Membership on the board included staff of the Department of Health, Department of Human Resources, Department of Education and community representatives.

These records are files of the staff of the Provincial Child Care Facilities Licensing Board (earlier the Community Care Facilities Division). The files include correspondence of the executive officer of the board.

These files were transferred from the Ministry of Health in 1987.
