

MS-0521
Dominion Bridge Company records
Originals 1914-1973 6.4 m

The Dominion Bridge Company was formed in 1882, and began operations in British Columbia in 1926. The company specializes in steel fabrication and construction, especially of bridges, superstructures of buildings and cranes, though it has constructed armaments during both world wars, been involved in various hydroelectric projects and undertaken numerous other steel fabrications and constructions for industry and governments.

The fonds consists of selected sales contract files, indexes and company publications, and includes material related to contracts undertaken in Manitoba, Saskatchewan, Alberta and the Yukon.

Photographs transferred to Visual Records, accession 198208-37.

Presented by Dominion Bridge, Vancouver, 1976.

Box	File No.	Description	Date
1	S3700 - 3703	Sales contract files re construction of Second Narrows Bridge	
	S40001 - 4000A	Sales files re Peace River Bridge	1958-1961
