

MS-2061  
W.R. Menchions and Co.  
Originals 1931-1971 5.04 m

Established in 1898, William Menchions' shipyard in Vancouver's Coal Harbour earned a reputation as a builder of fine deep sea fishing boats, tugs, yachts and patrol boats.

The bulk of the company's records cover the period from incorporation in 1940 to 1970 and consist of correspondence, shipyard job books, moorage books, and financial records.

Presented by George Menchions to the Modern History Division, British Columbia Provincial Museum and transferred to the Archives in 1981.
