 British Columbia
 Records of the Commission on Forest Resources
 Originals 1955-1957 4.0 m

To locate items in this unit quickly, three separate research aids should be used:

1. The bound Commission Index found in Box 1.
2. The index in volume 61, "Analysis."
3. This finding aid.

It should be noted that some exhibits are missing from this unit. They were never received by BCARS; consequently, their fate is unknown. Gaps in the sequence of exhibits numbers listed in this finding aid pinpoint missing items.

For conservation reasons, map and photograph exhibits were removed from the files and are now available as map accession M856141 and photograph accession 198502-025. A transfer slip noting this removal replaces the item in the relevant file. Files with removed material are noted below with an *. A list of the removed exhibits with accession numbers also appears at the end of the finding aid.
