Dr. Foulkes was appointed as a Special Consultant to the Minister of Health in 1973. His terms of reference were "to present recommendations which could lead to a rationalization of health care services of the Province".

These files include working papers (produced by other researchers), subject files of Dr. Foulkes, and published material gathered by Dr. Foulkes. The published material includes the 1946 *Plan of medical services in B.C.* by the Rockefeller Foundation.

These records were transferred to the Provincial Archives of British Columbia in 1983.

Access to these records will be determined in accordance with the provisions of the Freedom of Information and Protection of Privacy Act. The working papers and the published material do not contain any excepted material.
