Indian Reserve Commission minutes of decision
Originals 1876-1980 78 cm
Photocopies 1876-1980, predominant 1876-1907 78 cm
Microform 3 reels [B16974-B16976]

Minutes of decision of the Joint Reserve Commission (1876-1878) of governments of Canada and British Columbia and of the Indian Reserve Commission of the government of Canada (1878-1907), regarding allotment of Indian reserves in British Columbia.

Records consist of originals and a set of photocopies of the minutes and associated correspondence, memoranda, reports and coloured photocopies of maps of the reserve allotments.

Although these records are called Joint Reserve Commission records, they probably form part of the British Columbia Department of Lands and Works fonds. Most of the records are stamped with the Lands and Works Dept. stamp and also have Lands and Works file numbers assigned.

This finding aid consists of a box and item list, which includes the item numbers and maps contained within each file. An item level precis of each document, created by the Dept. of Lands and dated 1980, is in the first file of each box.

At some point, the department stored the maps separately in binders and created a list arranged by "binder/map" numbers. Although the maps were reintegrated into the files before they were transferred to the BC Archives, the map list (in box 6, file 11) is still arranged by the old binder/map numbers. A conversion list from binder/map number to box, file and number is provided at the end of the finding aid.

Transferred by the Surveyor General Branch, Lands and Water Management Dept., Ministry of Environment, Lands and Parks, 1995. A separate list of maps was transferred in 1997.

Researchers are required to use the photocopied records.
