Ada McGeer fonds  
Correspondence from Emily Carr  
Correspondence - Carr to Ada McGeer

218 St Andrews St

June 14/42

Dear Ada McGeer,

I want to say how much I appreciated all your kindnesses, to me during my visit. how generous you were in hawking me with your precious gas, & I am left a goodlye for Mr McGeer and he took us such lovely drives please say to him for me how I appreciated it. I looked all round & felt I left someone out to goodlye that last night, and I enjoyed the evening and Sunday's lunch and your lovely flowers. It was all a very happy visit. & I have saw Vancouver look so beautiful. It has been a pretty spring.

We pour just now & did it all night & all day. the poor strawberries must be drowned & it is so cold. My maid presented me with her absence today. she is not much to miss. only one is thankful for anything on two legs she had flat but neither head nor heart, a stupid mean-tempered creature. And I have an exhibition to work for this fall, & need household help so I can work, at other things.

This is not a letter just best wishes  
and thanks and love.

Very sincerely yours

Ming Carr
