The day after the trouble at Extension Joe Angelo saw me coming out of the bush and asked me where I was going. I said to Extension, and he said it was no use going there as everything was burned. He also asked what I was going there? I said I had been hiding. He said if he had caught me he would have killed me. There were two other men with Angelo at the time but I dont know their names. The day before trouble at Extension Angelo was there with Ben Dominick, and Billy Bartelli showing them the houses occupied by strike breakers.

X Jim Dominick saw Angelo go around with two men and show him the houses of the strike breakers

X Ralph Jardine says the same thing. he knew by name

Barber says only one man in crowd was Paul Demonic on the Wednesday the day the houses were burned. — Joseph Guseppi says Angelo with these two men ~~was~~ the day of the burning on Wednesday at 9 A M showing houses of strike breakers.

The first five men have given their evidence at Nanaimo.
